

MACALLA FARM

Venue Hire

The centre is available to hire when we are not running our own courses. The venue can accommodate between 6-14 people. We have hosted a wide-range of groups of various ages, backgrounds and for activities including yoga, creative writing and team-building.

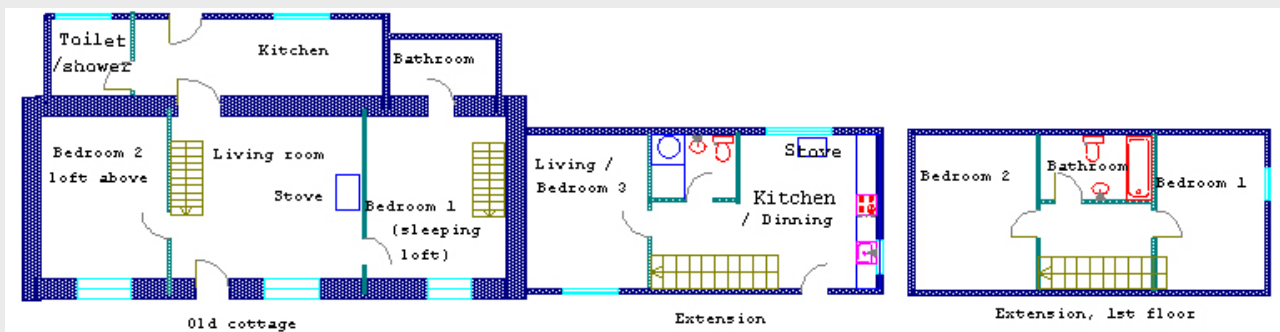

Accommodation

Our accommodation is based a minute's walk away from the main centre. The buildings include the farm's original farmhouse cottage and an extension.

Accommodation in the old cottage sleeps up to 9 people. The building comprises 2 large en-suite ground floor bedrooms and two spacious sleeping lofts, together with a large dining / sitting room, separate kitchen and toilet / shower. Please note that all toilets in the old cottage are simple and easy to use compost toilets (pictured above).

The extension sleeps up to 6 people, it comprises 2 upstairs bedrooms, bathroom, downstairs toilet / shower, downstairs bedroom and kitchen / dining room. Both houses have wood burning stoves.

Take a look at our accommodation page online for more information and photographs.

Food

The food at the centre is strictly vegetarian and over 90% of ingredients are either organic or local (usually both). We offer the option of either a light breakfast, three course lunch and a light supper, or a substantial brunch and a three course dinner.

We can cater for some special diets, including vegan and gluten free. For more information see cooking, homegrown in the Food section of our website.

Classroom and yoga space

The purpose built 55m² yoga studio and the kitchen / dining room are in a modern timber building, a short walk away from the accommodation. Both can accommodate up to 18 persons and have under floor heating and stunning views over Clew Bay and Croagh Patrick.

Classroom space can be provided in a number of locations. Coming soon, the Stone barn, a newly converted cow byre, will be available for meditation and/or small group sessions. Please contact us for more information.

The Island

Clare Island provides an ideal setting for those looking to escape and experience a slower pace of life. The farm is located in one of the least populated areas of the island on the lighthouse road - from here there are many spectacular walks (including hill-walks) taking in a cove, cliffs, moorland, and woodland. A wonderful location for nature-lovers. We are a mile and a half from the harbour, main beach and pub, and two miles from the shop. For more see Clare Island.
